FUNDA delivered a child-centred programme and met the Holiday Activities and Food Programme outcomes/impact measures.

## Outcomes:

- ✓ Support local areas greatest need.
- ✓ Establish a steering group of local primary schools/headteachers.
- ✓ The FUNDA Foundation & EMPOWERkids.world steering group. Hold regular consultations with local police, public health officials, social services and local charities.
- ✓ Ensuring that sufficient, adequate provision is available for children with SEND or additional needs. \*Inline with the FUNDA Additional Needs Policy.
- ✓ Meet your framework of minimum standards including safeguarding requirements.
- ✓ Support other partnering providers to share good practice and to help improve their provision.
- ✓ Advertise provision, including working with local schools and other agencies to encourage the most at need children to attend.

## Outcomes For Children & Families We Met:

- ✓ Eat more healthily over the school holidays.
- ✓ Be more active during the school holidays.
- ✓ Take part in engaging and enriching activities which support the development of resilience, character and wellbeing along with their wider educational attainment.
- ✓ Be safe and not to be socially isolated.
- ✓ Have a greater knowledge of health and nutrition.
- ✓ Be more engaged with school and other local services.
- ✓ Enhance mental health, wellbeing, nutrition and fitness.

My 3 children have been attending Accrington funda for the past 3 weeks what can I say they are up bright and early on the days they go raring to go after the past year we have all had funda has definitely made a massive impact on my children they are happy again and have more energy from being kept physically active. The coaches are fantastic have positive attitudes, are good role models and make my children laugh. If your thinking of sending your children here do it they will love it! Last week next week for my 3 and I know they will miss it very much. Thankyou FUNDA for bringing that spark back to my children!

this week was my daughters 1st week at funda , I can't believe how much fun she's had . so many storys to tell me . non stop games .

shes coming home super happy (and tired) lol. and looking forward to more time with the team . thank you so much funda , she's really blossoming.

my children aged 7 and 9 have never attending any kind of holiday club until summer 2021, they absolutely love it, it's all they have talked about and are always so eager to get ready in the morning to attend. all coaches are fab with the children and ensure all the kids have fun fun fun 👍😊

"My daughter got out of the house and actually interacted with other children all whilst keeping fit and having food provided for her at no cost to my self"

Rosie

"I have two toddlers as well as a 7 year old and the HAF program really benefitted him so that he could have that time out from the chaos of his sisters and also took a lot of pressure off me trying to plan things that would entertain toddlers as well as a 7 year old which is a very difficult task !! The food pack they got at the end of the day was also brilliant and meant that I didn't have to worry as much about meals"

Rebecca Whalley

"HAF at Funda has been helpful as i am a lone parent and although i work full time i cannot afford to pay for childcare in school holidays and provide a packed lunch. Funda provided full day childcare and the food provided was enjoyed by my son. Thank you funda and HAF is needed for parents who like myself struggle"

Miffy Clegg

"Absolutely great program for the children they loved it and was great for exercise and meeting new friends"

Angela catterall

"My son enjoyed the program so much. I loved it too! He was having so much fun every day and the day was full of activities. Having physical activity is great for kids in school holidays which I found very hard to do myself as there is not much facilities available in Accrington as well as the cost involved. For me the cost is a big factor, I can not afford to pay for my son to do a lot of the activities available"

Anonymous

I think I enjoyed it as much as the kids, it was a pleasure to be able to be part of it.

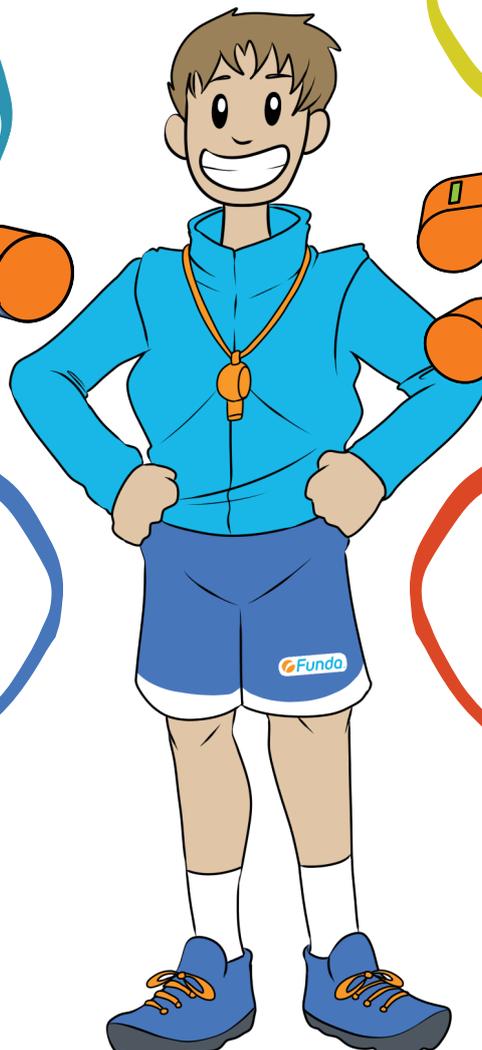

After a difficult couple of years for them, seeing children finally being able to socialise, when they needed it the most was amazing.

What a great feeling, seeing new children, trying new activities!

I felt like I was giving every child a chance to feel positive energy and raise their aspirations.

I have never been so proud in my life, it meant that children who normally wouldn't be able to attend had the chance to, that's all that matters!!

It was great to see active children knowing that we're making a difference and possibly helping parents get some time to themselves.
